## MISSION MOMENT

A primary role of Wes and Kate in Pioneer Missions is to be a part of the leadership team of the 'Equip' program. 'Equip' is a 9 month program to train and prepare participants desiring to serve in the hardest to reach places and people groups with the gospel. Graduation day was May 30! The class recently returned from North Africa in which the students were exposed to a new culture and the many challenges of a missional life. This is a vital part of their training as it equips them to thrive as they graduate and then move to the mission field to share the gospel, make disciples, and plant churches. Please pray for the new graduates as they discern if North Africa is the location they want to return for the long term.
